

We are so grateful for your donations and for your continued support! Your generosity helps FrontLine Teens deliver much needed meals to those who are facing food insecurity. Thanks to you, we are able to do our part and provide close to 400 lunches a month to those in need. The COVID-19 pandemic and the economic recession that has followed has made the New York City's hunger crisis 39% worse. According to Feeding America more than 1.5 million residents don't know from where their next meal is coming from. We can't stand idly by! Thank you so much for fighting hunger with us, Together we can!

**THANKYOU!**

**Together we are building a better world**
